The Peg One range has been designed around the needs of modern anglers.

Peg One: designed to catch you more

MARK SAWYER
TACKLE EDITOR

Exclusive

● Sub-brand 'fuses match and specimen elements'

This is an exclusive industry-first look at some of the exciting new products that have just been launched under the Peg One brand by big-carp specialists Nash.

The company, at the cutting edge of tackle design for over 40 years, says the range will cater for the all-round pleasure angler who fishes commercial fisheries and natural venues.

One of the most experienced men in the trade, Dr Paul Garner, charged with driving the new Nash sub-brand, told Angling Times: "Peg One has been aimed squarely at how we fish today, fusing the latest match and specimen developments into products that will help you catch more and bigger fish."

All in: Tackle Editor Mark makes light work of his journey to the water's edge.

THE PEG ONE RANGE

1 TRANSFORMER CHAIR

Designed with a unique D-tube system which houses the fully adjustable accessory arms within the front cross brace. The accessory arms are fitted to both sides of the chair and can be extended to accommodate the numerous accessory units.

Transformer Recliner £109.99, Transformer Armchair £132.99

2 TRANSFORMER TROLLEY KIT

Can be fixed to the Transformer chairs, providing a large capacity trolley capable of hauling lots of kit. The wheels and handle do not need to be removed when you want to use the chair - just unfold the legs and drop the handle into the back of the chair frame. **RRP £49.99**

3 DOUBLE BAIT TRAY

Connects directly with the Transformer Chair and keeps tackle and bait close to hand, with front holders for essential items. A Peg One Groundbait Tray is also available, which dovetails to the Bait Tray.

Double Bait Tray £24.99, Groundbait Tray £29.99

4 ADJUSTABLE ROD POD ARM

Sometimes it's not possible to get banksticks into hard banks, which is where the Rod Pod Arm comes into its own. Can be attached to the Transformer chair and is adjustable for height, reach and angle. Add a pair of Sky Sticks or buzzer bars (both available separately) when fishing with two rods.

Rod Pod Arm £34.99, Sky Sticks £19.99, Two-rod buzzer bar £24.99

5 UMBRELLA

Designed to give maximum shelter, this heavy duty umbrella has taped seams and a super-strong steel frame that can be pegged down. Rear vents allow easy shipping back.

RRP £79.99

6 MULTIMAT

Not only is it a superb safety mat thanks to its raised sides and heavy padding, the carry handles mean that it can be used as a weighslings or carry bag. **RRP £34.99**

7 LARGE KIT BAG

Spacious carryall that will easily accommodate bulky items. With a rugged box-stitched construction, over-laying zips, waterproof wipe-clean base, extra strong zips, and padded shoulder strap and carry handles. **RRP £42.99**

8 TWO ROD HOLDALL

Boasts twin layers of medium-density foam surrounding each rod and fleece-lined pouches that wick water away from expensive reels. Will take two ready-rigged 12ft two-piece rods with room for another two spare rods, while two outer pockets will hold an umbrella, landing net handle and banksticks.

RRP £59.99
